**SUBJECT:** Kendo Clean Machine 9" Mop & Mop Head Refills

To whom it may concern: Need to obtain some 9" Kendo Clean Machines (Cellulose Sponge Mop) and Mop Head Refills. Request product brochures and price list.

Love your products I have my Kendo Clean Machine for about 40 years. If I remember correctly your Kendo Clean Machine had a lifetime warrantee but I won't hold you to that. The difference between your product and the Brand X Knock-Offs is the quality and the cellulose mop heads. The cellulose mop head picks up mop water and spills like a squeegee so my floor dries much faster and safer. Your Kendo Clean Machine is good also to use on ceiling, walls and as well on boats. Bravo, keep up the good work, your quality is appreciated. I await your response?

Thank you,

Brian Jefferson
